

“Within four months of becoming blind, I was in a rehabilitation program, learned all about assistive technologies like ZoomText, and now run my own business from home.”  
**Dave Mills**

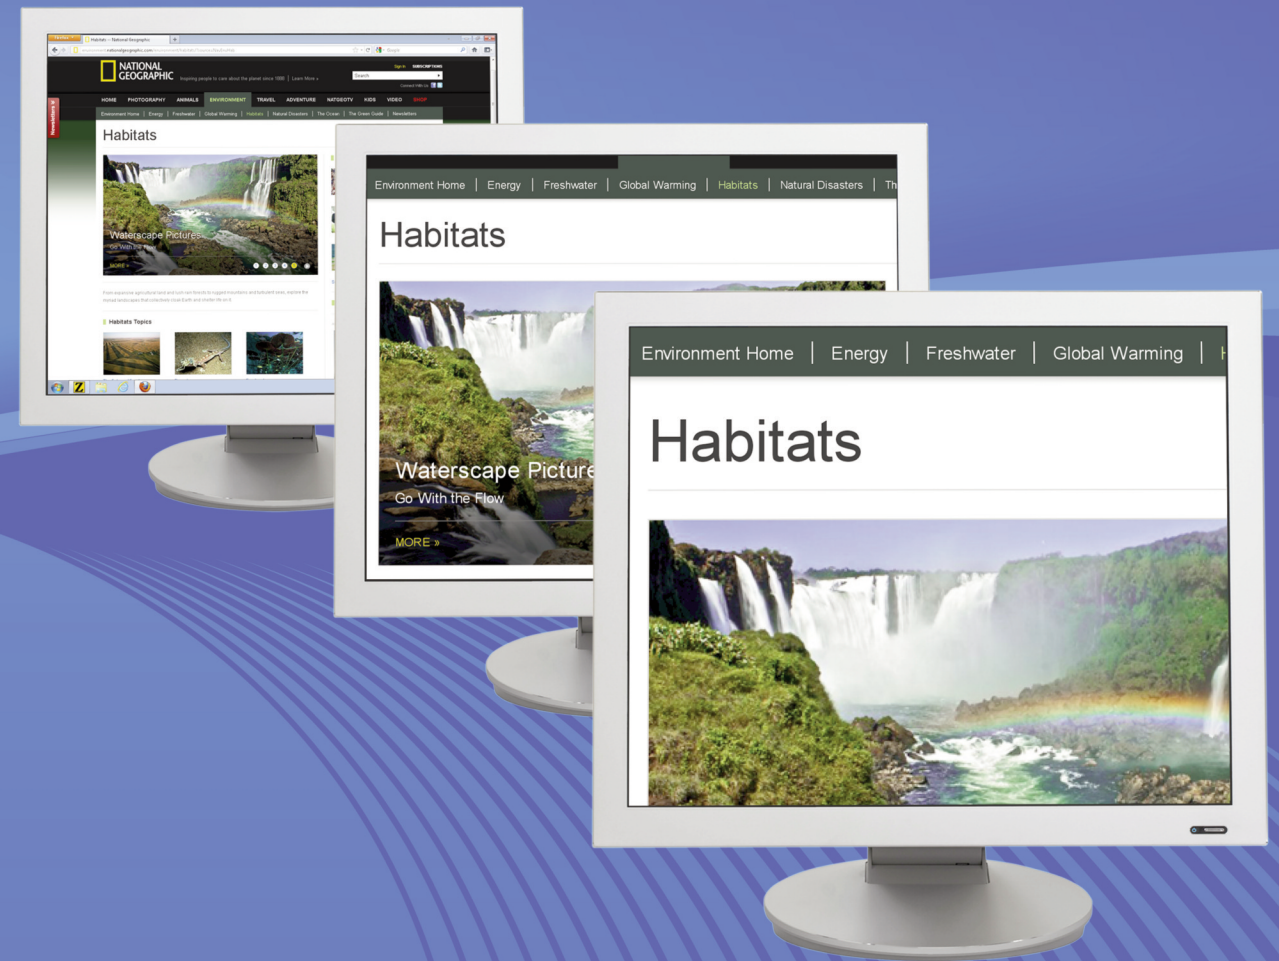

“The best part of Ai Squared is the people. Thanks for a great product designed and supported by the greatest people.”  
**Dale Pennington**

“In a world where having a computer is a must, and where it’s so important to be able to complete tasks with a sense of pride, ZoomText puts me on an equal playing field with my sighted peers.”  
**Sarah Barth**

# Magnifier/Reader

Combining ZoomText Magnifier with a powerful set of reading tools, Magnifier/Reader gives you the total computer access solution. With Magnifier/Reader, your computer is easy to see, easy to hear, and easy to use.

**ZoomText Magnifier/Reader....\$599**  
 Upgrade.....**\$199**  
 (Call for international pricing)

**Rest your eyes while ZoomText reads your documents, web pages and email.**

- Choose from a variety of speech synthesizers, including NeoSpeech, recognized for its human-sounding speech.
- Program, typing and mouse echo narrate your actions, but you can also customize exactly how much information is spoken.
- Sit back and let AppReader or DocReader read aloud, highlighting each spoken word along the way.
- **NEW** Recorder gives you the option of saving your documents to audio so you can listen to them on your mobile device.
- **NEW** Background Reader lets you perform other tasks on your computer as it reads aloud your documents.
