

Your High-Tech Reading Companion

Eye-Pal Reader uses smart technology that instantly converts even the most challenging print into speech. Feel confident reading pill bottles, newspapers and thick text books.

- Ergonomic, easily foldable and light weight design
- Advanced auto-focus, auto-zoom camera
- Automatically detects size of a document to ensure accurate OCR
- Instantly scans an entire 8.5" X 11" page without missing any text lines
- Button-free operation with hand gestures
- Save multiple pages as an Image, Text and MP3 files
- 19 Naturally-sounding languages

Give your tired CCTV eyes a break and let Eye-Pal Reader take over by reading out loud to you . It's not your average reader.

Live Better.
